MARITIME PROFESSIONAL TRAINING
Fort Lauderdale, Florida

CLASS SCHEDULE and 2012 Price List

Plan now for upcoming rule changes!
(Current as of 14 May 2012)

Thank you for your interest in MPT's school and services. We would like to take this opportunity to introduce ourselves to you. We are located in Fort Lauderdale, Florida, five minutes from Port Everglades & the International Airport. MPT is the most complete full service private maritime school in the country and has been training mariners since 1983. Our Fort Lauderdale based campuses host over 45,000 square feet of classrooms, deck and engineering training labs, the Ship's Store, and student service facilities. In addition to the MPT Main Campus our training programs also take place at the MPT SMART Simulation Center, Marine Tech Shipboard Firefighting Site, the Sea Survival Training Facility, and the MPT Fleet of Training vessels! Over the years, we have had the privilege of training thousands of commercial mariners, yachting professionals and enthusiasts. MPT offers all levels of certification, license and document study programs, many of these offer in-school testing and are USCG Approved and recognized by many foreign administrations. Our training programs are designed to meet and exceed IMO standards and are STCW Compliant. Our client list includes commercial shipping companies, marine corporations, the military, vessel management firms, the world's best super yachts and thousands of individuals whose word of mouth recommendations are responsible for our success. We invite you to come and tour our school, meet our instructors, talk to our students, and see what we have to offer.

It is a great time to schedule a complimentary career counseling session with one of our specialists to evaluate any possible upgrades and to tell you about new changes coming from the coast guard for STCW 2010.

3 Aug - 3 Aug '12; 20 Nov - 20 Nov '12;

107 Master or Mate 200 ton Upgrade **\$695.00**

There are sea time requirements to get your 200 ton mate or 200 ton master. Please see a career counselor if you have any questions about qualifying sea service. If you have enough time but not on large enough tonnage the USCG may give you a 150 ton license while you earn your tonnage increase. If you have held your Master 100 ton license for a long time, you may qualify to skip the 200 ton and go straight for the 500 ton. It only takes 720 days while holding a license and serving as Mate or Master with at least half of the sea time on a boat over 50grt. The USCG has proposed to change these requirements and increase the amount of sea time and training in the future. We strongly encourage you to get the 500 grt license now if you qualify for it. Call us for details.

403 OOW Navigation and Radar Prep Course **\$395.00**

This course is strongly recommended for everyone taking the MCA Officer of the Watch Navigation and Radar and ARPA (NARAS) Course #402. This class is usually held the weekend (Saturday and Sunday) before the Nav/Radar starts on Monday. If you are traveling in for the Nav and Radar, please come in on Friday night so you are also available for this prep course. The prep class helps to review the navigational concepts that were covered in your yachtmaster class and that you are expected to be current with before starting the NARAS course. This is an excellent review and can make the difference in passing your Nav/Radar on the first try because you can start the class with confidence and not have to feel behind on the basics.
